About this list: It exists to help guide sushi addicts through the insane (and still growing) number of omakase-focused sushiya in New York City. Omakase here means sushi only – affronts to humanity like the “Ice Cream Omakase” at Morgenstern’s don’t count, sorry. It’s likely not exhaustive nor complete, so if you have a complaint, please make sure to get very angry about it. If you have an addition, you can email info@thesushilegend.com.

About TheSushiLegend.com: A passion project created to highlight the legends of the sushi world and chronicle my travels, TheSushiLegend.com features pictures, videos, definitions, way-too-long articles and reviews (and verdicts) on many of the sushiya you see above. You can subscribe to the irregular newsletter, **The SushiShinbun**, on the website.
