About this list: The best part of LA sushi (compared to, say, New York), is that many sushiya do not provide a set price or course volume. Unfortunately, that makes it difficult for a list like this to be precise. Omakase" loosely means "leave it to you", so some ask why non-sushi spots aren't included; My list, my rules. Additions/complaints -> email info@thesushilegend.com

About TheSushiLegend.com: A passion project created to highlight the legends of the sushi world and chronicle my travels, TheSushiLegend.com features pictures, videos, definitions, way-too-long articles and reviews on many of the sushiya you see above. You can subscribe to the newsletter, **The SushiShinbun**, on the website, and access this list directly at **LAOmakase.com**.
